## PUBLIC NOTICE

DEPARTMENT OF AGRICULTURE, FOOD AND THE MARINE  
APPLICATION FOR DUMPING AT SEA PERMIT

Notice is hereby given that the Department of Agriculture, Food and the Marine has submitted an application to the Environmental Protection Agency for a Dumping at Sea permit under Section 5 of the Dumping at Sea Act 1996 as amended. This application relates to the disposal of 200,000 tonnes (wet weight) of clean silty/sandy dredged material from an area outside the west breakwater in Dingle Harbour. The DAFM is proposing to construct a new Small Craft Harbour in this area. Existing bed levels are above the levels that are required for safe operations. It is proposed to carry out dredging to bring the bed levels down to safe levels for use. The disposal of dredge material will only include sediments suitable for disposal at sea (Class 1: uncontaminated, no biological effects likely). Dredging works will be carried out as a single dredge campaign using a back-hoe or grab dredger and should take approximately 10 to 15 weeks to complete. It is proposed that the disposal operation will take place between January 2027 and December 2029, subject to receipt of all statutory requirements. It is proposed to dispose of the dredged material at a location 1.35km from Dingle Lighthouse. The location of the proposed dumpsite is shown hatched in red in the Map below.

The documentation submitted with the application is available to view on the Environmental Protection Agency website at [www.epa.ie](http://www.epa.ie). In addition, copies of the documentation can also be inspected at the Harbour Master's Office, An Daingean FHC.

Any person wishing to make a submission or submit observations in respect of the granting of a permit for the proposed project should do so in writing within one month of the publishing of this notice. Persons making a submission, or submitting observations, in respect of this project are advised that their comments will be forwarded to the applicant for comment and will be published on the Environmental Protection Agency's website [www.epa.ie](http://www.epa.ie).

Submissions or observations should be sent to the following address: Environmental Licensing Programme, Office of Environmental Sustainability, PO Box 3000, Johnstown Castle Estate, Co Wexford.
